### **About the Alberta Biodiesel Association**

The Alberta Biodiesel Association (ABA) is a provincial industry organization established to promote the production and use of biodiesel in Alberta by providing:

- 1) Education related to the benefits and attributes of biodiesel;
- 2) Information for end-users on implementing biodiesel into diesel-fueled vehicles;
- 3) Support for consistent and stringent product integrity through member compliance to ASTM D6751 and BQ-9000 biodiesel supply specifications;
- 4) Advocacy for policies that support a sustainable and successful Canadian biodiesel industry, from primary producers through to end-users.

### **About Biodiesel**

Biodiesel is a renewable, non-toxic fuel that can be used in unmodified diesel engines and existing infrastructure. Typically produced from oilseeds, cooking grease and animal fats, it has comparable performance efficiency, but significantly fewer odor and pollutant emissions, than petroleum diesel.

### **Membership**

Any person of legal age can become a member of the ABA. Membership categories and fees are:

Student Member ..... *non-voting status (annual fee: \$ 25.00) if registered at academic institution*  
 Associate Member ..... *non-voting status (annual fee: \$125.00)*  
 Member ..... *fully voting status (annual fee: \$250.00)*  
 Director ..... *subject to nomination and Board approval (annual fee: \$1,250.00)*

### **Company Directors**

ADM Agri-Industries Co.  
 Agri-Green Biodiesel Inc.  
 Alberta Processing Co.  
 BioFuel Canada Ltd.

Canadian Bioenergy Corp.  
 Dominion Biodiesel Ltd.  
 Kyoto Fuels Corp.

Olds College  
 TankSafe Inc.  
 SAIT Polytechnic  
 Western Biodiesel Inc.

### **Application for Membership**
